This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Treasurer of the School District of Canterbury which is a true summary for the fiscal year ending June 30, 1932 and find them correct in all respects.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

At this time the average citizen's interest in the schools, centers around their cost.

During the current year considerable saving in transportation was made by closing the Emery School and opening the Carter.

The following comparison between some budget items submitted a year ago and the same items submitted today will be of interest:

	Last Year	This Year
Budget for elementary schools	\$6,141.00	\$5,590.92
State Aid	1,661.08	1,407.40
<hr/>		
TO BE RAISED for elementary schools	\$4,479.92	\$4,183.52
\$5 tax	4,433.22	4,118.97
<hr/>		
Excess above \$5 tax	\$46.70	\$64.55

You will note that expenditures planned for elementary schools are \$550.08 less than last year; that the amount of state aid is less than last year's estimate, and that the amount TO BE RAISED for elementary schools is \$296.40 less than last year.

To secure state aid the \$5.00 tax for elementary schools must be raised. A cut in appropriations for elementary schools would decrease the amount of state aid. A cut of more than \$64.55 would be a failure to qualify for any state aid.

A most careful estimate of amount needed for paying high school tuitions is \$2,300. This is \$200 more than last year's estimate. As both the number of pupils and the

cost per pupil is beyond the control of the School Board, this estimate cannot be very exact.

The total amount recommended to be raised for all purposes is \$6,509.94, which is \$751.33 less than last year's recommendation, or \$676.33 less than the amount finally voted.

Respectfully,

GEORGE W. SUMNER.
